ABOUT GUEST SPEAKER

Speaker : Dr Yogendra Shastri
Associate Professor

Department of Chemical Engineering, IIT Bombay.

• Introduction:

- B.Tech in chemical Engineering ,LIT Nagpur
- M.Tech in system & Control Engineering ,IIT ,Bombay
- PhD in Bioengineering from the university of Illinois, Chicago .
- Post Doctoral research associate at Energy Biosciences institute, University of Illinois at Urbana-champaign.

• Area of interest:

- Life cycle assessment ,Municipal solid waste management, Biomass to Energy systems, System dynamics

• Publications:

- More than 60 publications in peer reviewed journals, five book chapters and an edited book to his credit

Lokmanya Tilak Jankalyan Shikshan Sanstha's

Lokmanya Tilak College of Engineering

Celebrating International Women's Day

WOMEN DEVELOPMENT CELL of Lokmanya Tilak College Of Engineering is organising an online essay writing competition and poster making competition for girl students of LTCE to mark the occasion.

ESSAY WRITING

Submit at: rashmi.r@ltce.in

TOPIC

What are the learnings from Covid-19?

- हमने कोरोना वायरस से क्या सीखा ?
- कोरोना ने आपल्याला काय काय शिकवले?

DETAILS

- ◆ Accepted in 3 Languages - English / Hindi / Marathi
- ◆ Word Limit : 1000 WORDS
- ◆ Submit with Personal Details - Name, Branch, Year, Phone No., College ID Proof

Rules & Timeline

- Participation Open to Girls - 1st To 4th Year Students.
- Entries Must be submitted before 7th March 5 PM.
- Winners will be Declared on 8th March 7 PM

All participants will be given Participation

Certificates

POSTER MAKING

Submit at: wdcltce20@gmail.com

TOPIC

Women Empowerment in Corona Crisis

DETAILS

- ◆ Hand-Drawn Posters Only
- ◆ Submit with Mandatory Personal Details - Name, Branch, Year, Phone Number, College ID Proof

Rules & Timeline

- Participation Open to Girls - 1st to 4th Year Students.
- Entries must be submitted before 7th March 5 PM
- Winners will be selected based on Likes Received @ishrae_ltcoe till - 8th March 4 PM
- Winners will be Declared on - 8th March 7 PM

Winners will be Rewarded

Certificates & Prizes

ASHRAE LTCoE Branch
presents

Poster Making Competition

On the occasion of **INTERNATIONAL RECYCLING DAY**, in association with
ASHRAE Mumbai Chapter

Topic: Best out of waste (plastic & e-waste)

PRIZES WORTH UPTO RS. 5000/-
and Participation Certificates

Note: Open to students of all age group

RULES:

1. Artwork must be of A4 size
2. Artwork can be digital or handmade
3. Artwork should convey a short message
4. Artwork to be mailed to ashraeltcoe2020@gmail.com

TIMELINE:

Level 1 submission of poster on or before **17th May 2021**

Level 2 results on **18th May 2021**

Winners will be announced via emails and posted on our Instagram page @ishrae_ltcoe & @ASHRAE MUMBAI CHAPTER

ENERGY CONSERVATION IN HVAC SYSTEMS

Condenser water circuit and Passive Cooling Techniques

VIJAYAKUMAR S

*Partner, Technical Services
Conserve Consultants Pvt. Ltd.*

Vijay leads technical services team at Conserve Consultants, with 20+ years of experience in HVAC operation, energy, Green Buildings, and Engineering Design. He is also an ECBC Expert master trainer by BEE, LEED Auditor for ISO-50001 Energy management systems, LEED & IGBC AP, GRIHA CP. His insights in building management and HVAC operation enables to optimise and enhance building performance.

Key Takeaways:

Role of Condenser Circuit in HVAC 

Energy Conservation Measures in the circuit 

Importance of water quality

Webinar for Students on

FUTURE OF SUSTAINABLE LIVING

SARASWATHI K.

*Partner, Technical Services
Conserve Consultants Pvt. Ltd.*

Saraswati is the partner of Conserve Consultants with more than 11 years of experience in field of Sustainable Design, Sustainability and Green Certification for High Performance Buildings. She is a practicing Architect graduated from Hindustan College of Engineering. She is GRIHA & GEM certified professional and LEED Green Associate. Saraswati has managed multiple projects from design stage to the complete lifecycle of the development. She has successfully convinced many clients to implement cost effective energy saving measures, and ensured sustainable designs are implemented during the construction stage of the project.

Key Takeaways:

Why Sustainable Living? 

Current Resource Consumption by Buildings 

Green Buildings and Certification 

Way forward

One Week Workshop On Basic Programming Aspects in Python

SAVE THE DATE
[11 To 15 MAY 2021]
Time :- 4 To 6 Pm

Topic Covered :-

- Basic syntax
- Variables and Datatypes
- Operators
- File Handling

Link - <https://www.google.com/url?sa=t&source=video>

Dr. Shilpa Joshi

Python Workshop (2021-05-12 at 03:35 GMT+7)

Power of Python Libraries

- 1. **Pandas** – Data analysis and manipulation tool.
- 2. **NumPy** – Large, multi-dimensional arrays and matrices.
- 3. **Matplotlib** – Creating static, animated, and interactive visualizations.
- 4. **Seaborn** – Python data visualization library based on matplotlib.
- 5. **Scikit-Learn** – Simple and efficient tools for predictive data analysis.

Dr. Shilpa Joshi

```

DEPARTMENT OF ELECTRONICS ENGINEERING &
DEPT. OF COMPUTER SCIENCE AND ENGINEERING (IoT & Cyber Security including Block Chain Technology)
Jointly Under IQAC Organizes

“One Week Online FDP on Advancements in IoT, Cyber Security and Drone Technology”

Major Course Contents:

- To promote basics and advanced research related to IoT and Cyber Security.
- Challenges and issues related to IoT as per requirement of different development areas.
- Hands on Training sessions with demos on real time applications.
- Drone technology and solutions in real world.

Online Registration Form
<https://forms.gle/DJwTj58bk9B7VHy9>

7th to 12th June 2021
Time: 2.00 to 4.30 PM

Registration is free and
Only limited seats available

E-certificate to all participants

Techniques in HVAC**

by

Ms. Vaishnavi Thumuganti
Managerial Lead - Civil Subsystem,
Team SHUNYA, IIT Bombay.
B.Tech. Civil Engg Department, IIT Bombay.
Working with Team SHUNYA since Sept 2020.

Mr. Prabhat Sharma
Project Engineer, Team SHUNYA, IIT Bombay.
Ph.D. Research Student at Department of Energy
Science and Engineering, IIT Bombay.
Working with Team SHUNYA since Jan 2021.

About Team SHUNYA

Team SHUNYA is a group of enthusiastic students from IIT Bombay. They are working on the Development of Sustainable solutions for the Housing Industry in India. Recently they won 2nd Prize in US Solar Decathlon Build Challenge 2021, in the Housing Category. Team SHUNYA worked on various emerging technologies to optimize energy consumption in HVAC out of which one of such technologies is PCM Integration in Buildings.

RAL Paper Presentation Chapter Level

Title : Properties and Synthesis of Nano-Refrigerant

Team Name: Sub-Zero

College: Lokmanya Tilak College of Engineering

Faculty Advisor: Dr. Kavita Dhanawade

Team Members: 1. Ashitosh Singh
2. Harshaj Waghmare
3. Akshay Maurya

COUNTERFLOW COOLING TOWER

In a counterflow system, the incoming air travels in a vertical path over the splash fill as the water streams down from the nozzle above.

These cooling towers are more expensive due to the fact that more energy is needed to push the air upward against the down-flowing water.

HOW PCM WORKS

Heat energy gets utilized for melting of chemical bonds, storing phase change from solid to liquid.

During the reverse phase change from liquid to solid the stored energy is released back to surroundings.

CAUSES & PREVENTION

Corrosion

Corrosion of condenser system components such as circulating pumps, condenser tube sheets and cooling towers can be very costly in terms of service disruption, loss of production, increased maintenance and capital equipment replacement.

Prevention -> Implementing a properly designed chemical water treatment program is the simplest method of preventing these corrosion problems. Water quality must be taken into consideration when determining the most effective type of treatment program.

Conclusion:

- 1. Heat Absorption Capacity increases, thereby increasing cooling capacity
- 2. Power Consumption of Compressor decreases
- 3. Monthly Capital Cost for Energy bills decreases

Nano-Refrigerants

Lokmanya Tilak College of Engineering
Department of Mechanical Engineering

Congratulations to

MR. RAHUL GUPTA

Mr. Rahul Gupta of 2nd Year Mechanical Engineering Department for being selected for ASHRAE Society's Prem Jain Scholarship. He has been sanctioned with \$5000 (Rs. 3,73,422) for AY 2022-23.

Under Guidance of
Dr. Kavita Dhanawade
(Student Branch Advisor)

LJSS Management, LTCE Family, Mechanical Engineering Department, ASHRAE/ASHRAE Members heartily congratulate Mr. Rahul Gupta for a well deserved achievement

Scope for Mechanical & Electrical Engineers in HVAC

by
Ms. Nilanjana Mukherjee

Ms. Nilanjana is an illumious of IIM Calcutta and a chartered Engineer. She is a second-generation entrepreneur.

Her Company, the UNIVERSAL GROUP is work force of more than 200 people. Universal is a consultancy and engineering solution providing company and is one of the biggest name in the HVAC sector of eastern India. Apart from being young and dynamic, she is the President Elect of the Kolkata Chapter of ISHRAE and BOG member of the ASHRAE East India Chapter.

She is a passionate speaker and likes to make sessions with student and young professionals on various topic related personality development

presents 4-Days workshop on

Autodesk Revit (MEP): Beginner's Guide

by

Mr. Meet Chauhan

Mr Meet Chauhan is an alumnus of Lokmanya Tilak College of Engineering has completed BE in Mechanical engineering and he was also the former President of LTCoE student chapter in the year 2019-20 he has designed at turnkey HVAC projects of buildings of more than 40 floors he is handling and is also a team leader at Polfrost

Timeline of Workshop

Day 1: 15th September 2021
Introduction and basic understanding of REVIT
Linking and working with Levels

Day 2: 16th September 2021
Introduction to Mechanical Equipment and Ductng Systems.

Day 3: 17th September 2021
Introduction to Electrical and Plumbing Equipment and Routing.

Day 4: 18th September 2021
Introduction to Firefighting Equipment and Routing.

About LTCE :
Lokmanya Tilak College of Engineering (LTCE), Navi Mumbai was established in 1994, approved by the AICTE, New Delhi, recognized by the Govt. of Maharashtra and is affiliated to the University of Mumbai. Within the span of 25 years since its inception, LTCE has grown leaps and bounds. The Institute is also accredited by NAAC and offers various courses at U.G., P.G. and Ph.D. level. The Institute has Under-graduate Programmes in Mechanical Engineering, Computer Engineering, Computer Science and Engineering (AI & ML), Computer Science and Engineering (data science), Computer Science and Engineering (IoT, cyber security and blockchain), Electronics & Telecommunication Engineering and Electrical Engineering Post-graduate and Doctoral Programmes in Mechanical Engineering and Computer Engineering.

About Computer Engineering Department
The Computer Engineering Department was established in 1994. The department continuously strives to excel by employing the emerging technologies in the field. The department offers undergraduate, post graduate and Ph.D. programmes. The department of Computer Engineering is proud to have highly qualified, experienced and dedicated faculty and staff members. The faculty members continuously explore and employ novel teaching methodologies to enhance the understanding of the course and promote creative learning among the students. Besides conventional methods of teaching, the faculty members encourage students to learn concepts through workshops, group discussions, group projects, quiz, etc. The faculty members in the department are also proactively indulged in research to boost the process of knowledge sharing. In this journey, the department supports faculty to accomplish research.

Brief Introduction of Dr. Sanjay Kemkar

- VJTI alumni, Electronics Engg, MBA in HRD from Bhavnagar University, Gujarat, MCA, PhD from Mumbai University in the field of nanotechnology.
- He cleared Indian Engineering Services examination conducted by UPSC in 1992.
- 30 years of wide experience in the field of Public Administration, Cyberspace - Criminal Data Management, Service operations, technical administration and general management in telecommunications, Police administration, Power systems and nanotechnology.
- His work experience include
 - * Deptt of Telecom, Govt of India in Satellite Telecom Project in Western Telecom Project Mumbai
 - * Videsh Sanchar Nigam Limited (VSNL), Mumbai now- known as Tata Consultancy Ltd
 - * Telecom District Manager, BSNL, Navasari District, Gujarat State
 - * DGM (Operations & Planning), BSNL, Gujarat State
 - * AGM (Vigilance), BSNL, Maharashtra & Goa State
 - * Dy Commissioner of Police at Nagpur, Pune and Maharashtra Police Headquarter, Colaba Mumbai.
- Presently working as Chief Executive Officer, Delphi Powers, Mulund, Mumbai.

Brief Introduction of Dr. Anjali Deshpande

- HoD, Electronics Department, Vidyaiankar Institute of Technology, Mumbai, 33 years of experience
- 1987- BE from VNIT, Nagpur, 1993-ME from VJTI, Mumbai, 2008- PhD from IIT Bombay
- Her areas of research include Fault Tolerant control, sys. Identification for complex nonlinear systems
- Publications - 4 SCI Journals, 2- Book chapters, 21- International Conferences
- PhD guide at Pacific University
- Consultancy projects at IIT Bombay:
 - * at BRNS on Data Driven Modelling and Model Predictive Control of Steam Generator
 - * at Honeywell on Empirical Modelling of Fluidized Bed Reactor
 - * Lab in Box multivariable control", 2014-15
- She has been the session chair for many national and international conferences.
- She was advisory committee member of (ICRESEET-17) at Goa, India on 8th & 9th Apr, 2017.
- She has been reviewer at various national and international conferences.
- Delivered many SKEP sessions under IEEE Bombay Section
- Member of Board of Studies for Electronics Engineering, at Mumbai University
- Delivered many sessions in FDPs, STTPs and workshops
- Awards and Recognitions:
 - * IETE Fellowship, 2016, * Fellowship of IEI, 2017 * Chair, WIE(Women in Engineering) 2014-2016 IEEE, Bombay Section
 - * Most popular SKEP lecturer in IEEE 2017

Brief Introduction of Mr. D. V. Shivanand

1983- Completed BE Electrical from Siddaganaga Institute of Technology, Tumkur
1983 - Sachi Agencies Authorized Dealer for FENNER V Belts & Bearings
1985- DEBESON & Company Authorized Dealer for SIEMENS Switchgears
1988- Universal Power Controls manufacturing of Electrical Control Panels
2008 - dbson Training Division

An Entrepreneur having experience of 35 years in the field of Manufacturing, Marketing, Design, Project Execution of various Electrical Control Panels like

- *Auto Mains Failure Panel (AMF Panels)
- *Automatic Power Factor Correction Panels (APFC Panels)
- *Sub Distribution Panels
- *Metering Distribution Boards
- *Energy Meter Panels
- *Synchronizing Panels
- *MIMIC Control Panels
- *Power Control Centers (PCC Panels)
- *Motor Control Centers (MCC Panels) &
- * Custom Built Panels

PRESENTS

WEBINAR ON CLOUD & DEVOPS

IN ASSOCIATION WITH

PRIAR TECHNOWORLD

Sessions On : 26th , 27th and 28th May 2020
TIMING : 11:00 AM TO 12:30 PM

MR. RAMESH KHARAT (SPEAKER)

HoD: Dr. Subhash K. Shinde

Faculty Co-ordinators:
Prof. Smita Ambarkar- +91 9920060628
Prof. Rakhi Akhare- +91 9967011352

Regisrtation Link below:

WEBINAR CONTENT:

- Introduction to Cloud Computing & DevOps
- Demonstration of Private and Public Cloud Deployment
- Demonstration of Contentized Applications.

WEBINAR OBJECTIVES:

- Improving and accelerating IT service delivery enables the business to run faster and deliver better user experiences.
- Speed and relevance of IT services is critical in this effort to run containers at scale across hybrid multicloud environments.
- Training outlined in this learning path helps candidates achieve success when moving to the hybrid cloud.

ABOUT SPEAKER MR. Ramesh KHARAT:

A technology leader with decade of experience in designing, implementing and managing IT Services as Project Manager and Technical head in ISP/ Datacentre environment, with core expertise in Unix Technology. Certified Redhat and Corporate Instructor in Automation of IT Infrastructure, Redhat Linux, Cloud Computing and Devops
